

More About 17

Make a stringalong for 17:

What does it tell you about 17?

Record your findings by writing number sentences.

e.g. $2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 1 = 17$

or $8 \times 2 + 1 = 17$

or $17 - 2 - 2 - 2 - 2 - 2 - 2 - 2 - 2 = 1$

or $17 \div 2 = 8 \text{ r } 1$

Use your number strips to add, then turn into a ten and units like this:

e.g:

$$7 + 6 = 10 + 3 = 13$$

Fill in the missing numbers on the strips:

$$8 + 9 = 10 + \square = \square$$

$$9 + 4 = 10 + \square = \square$$

$$8 + 8 = 10 + \square = \square$$

Complete this grid:

1	2	3	4

How many 4's in 12?
How many left over?

How many 4's in 17?
How many left over?

Listen to the story.

Fill in the missing numbers.

Is 17 an odd or even number?

17

seventeen

seventeen

$$\begin{array}{r} 1 \times 17 \\ \square \times 1 \end{array}$$
